More than 160 Girls from Girls Inc. of New Hampshire Received New Crocs Courtesy of Local Business

Brady Sullivan Properties to provide a new pair of Crocs to more than 160 girls fromGirls Inc.'s Nashua and Manchester Centers

Merrimack, NH- As summer comes to an end, 160 girls ages 5 to 18 who participated in Girls Inc. programs, including its Young Women's Leadership Program, in the local New Hampshire area each received a new pair of Crocs, thanks to the generosity of Brady Sullivan Properties and Crocs.

The girls traveled by coach bus from Nashua and Manchester to the Crocs Store at Merrimack Premium Outlets to choose their new Crocs. On Monday, August 4th, 75 Girls from Girls Inc. Manchester, NH Center visited the Crocs Store at Merrimack to select their own new pair of Classic Crocs in the color of their choice. Following, on Tuesday, August 5th, 85 Girls from the Girls Inc. Nashua, NH headed to the Crocs Store to select and bring home their free Crocs as well.

This experience kicked off on Monday, August 4th from 10:00 am – 12:00 pm at the Crocs Store in Merrimack located on 80 Premium Outlets Blvd, Merrimack, NH. At 10:00 am, the Girls arrived at the Merrimack Premium Outlets by bus and walked to Crocs. Once they arrived, they began to select Crocs with the help and assistance from Arthur Sullivan, Brady Sullivan

Properties employees, along with Girls Inc. staff. After the Girls handpicked their new shoes, they departed the Crocs Store at 12:00 pm and boarded the bus ecstatic with their new shoes ready to take home.

“Getting a new pair of Crocs today made every single girl feel special. Don’t we all love feeling special with a new pair of shoes? What a great way to begin a new school year with brand-new shoes and confidence,” said Sharron McCarthy, CEO of Girls Inc. of New Hampshire. “Crocs was generous enough to open the store just for Girls Inc. NH, allowing the girls get to experience their own special VIP treatment. Brady Sullivan really gets the impact this has on our girls and their families. Going back to school can be extremely expensive and being able to provide brand new, well-fitting, and comfortable shoes to each girl helps immensely”

Several volunteers from Brady Sullivan Properties, Principal Partner Arthur Sullivan, along with Girls Inc. staff members, made this experience possible. With assistance, the girls got to select Classic Clogs in their desired color. Once they picked out their favorite pair, they proceeded to the check-out counter to get their new shoes bagged up and ready to bring home.

“When we learned that many of the Girls Inc. participants do not have a sufficient pair of shoes, we knew we had to help,” said Arthur Sullivan, Principal Partner of Brady Sullivan Properties. “Something as simple as a new pair of shoes, an item many of us take for granted, can help build confidence and we are proud to be able to provide this opportunity.”

Collectively, Brady Sullivan and Crocs combined to provide 175 pairs of shoes to Girls Inc. New Hampshire, bringing this event to life. Crocs donated 50 pairs and granted a 50% discount for the remaining 125 pairs. All pairs along with transportation to and from Merrimack for both Nashua and Manchester groups were paid for by Brady Sullivan Properties.

Crocs are the perfect back-to-school addition to the girl’s wardrobes with their vibrant colors and easy to care for material. The girls were grateful and excited to customize and take home their brand-new shoes.
